

APS Master Data Protocol

Study: The American Periphenomenal Survey

Division: Registry | **Region:**  Cascadia (Reg10)

Status: ACTIVE REFERENCE | **Version:** 3.0 (Consolidated Build)

PART 1: THE ANALYTICAL FRAMEWORK

High-level logic used to classify events.

1. The Strangeness Index (Calculated)

A calculated integer (0–10) derived from the sum of all `phenom_` flags.

- **0-2 (Low):** Vague, distant, or strictly visual lights.
- **3-5 (Medium):** Multi-sensory (Sound + Visual) or physical effects.
- **6+ (High):** "The Oz Factor," Missing Time, or Close Contact. (**Trigger Field Intercept**).

2. Event Typology (The "Type" Code)

Assigned by Senior Analyst during Phase 4.

- **TYPE_I (Liminal/Spatial):** Event defined by location (Roads, Doors, Fog). Reality feels "thin."
- **TYPE_II (Crypto-Biological):** Encounter with an unknown biological entity.
- **TYPE_III (Aerial/Technical):** Lights in sky, metallic craft, drone-like behavior.
- **TYPE_IV (Psychic/Noetic):** Internal experience (Dreams, Premonitions, Synchronicities).
- **TYPE_V (Poltergeist/Material):** Physical movement of objects, knocks, apports.

PART 2: THE MASTER DATA DICTIONARY

The unified table of all variables.

A. Metadata & Identification

| Variable Name | Definition & Coding Protocol | Data Type | Valid Values / Constraints |
|-------------------|--|-----------|---|
| timestamp | Automatic server time of submission (ISO 8601). | DATETIME | YYYY-MM-DD HH:MM:SS |
| log_id | Unique identifier generated by Script (e.g., CAS-104). | STRING | Format: CAS-[000] |
| engagement_status | The current operational state of the file. | STRING | <ul style="list-style-type: none">• PENDING (New)• SPAM (Discard)• VERIFIED_WEB (Tier 1)• REMOTE (Tier 2)• FIELD (Tier 3) |

B. Respondent Profile (Demographics)

| Variable Name | Definition & Coding Protocol | Data Type | Valid Values / Constraints |
|---------------|--|-----------|---|
| age_group | Age range of the subject. Used for generational cohort analysis. | STRING | 18-25, 26-35, 36-45, 46-55, 56-65, 66+ |
| gender | Subject's gender identity. | STRING | Open Text (e.g., Male, Female, Non-Binary). |

| | | | |
|-----------------------|--|--------|---|
| occupation | Subject's trade. Critical for assessing observational reliability (e.g., Pilot vs. Student). | STRING | Open Text. |
| cultural_bg | Cultural/Religious upbringing. Contextualizes how they interpret the event. | STRING | Open Text. |
| location_state | The primary jurisdiction of the event. | STRING | WA, OR, ID, BC, AK_SE, NORCAL_JEFF, OTHER |

C. Event Context

| Variable Name | Definition & Coding Protocol | Data Type | Valid Values / Constraints |
|--------------------------|--|-----------|---|
| location_specific | Landmark, town, or GPS descriptor. | STRING | Open Text (e.g., "Hoh Rainforest Trail"). |
| witness_status | Social configuration at time of event. | STRING | <ul style="list-style-type: none"> • ALONE (Solitary) • WITNESS_1 (Pair) • WITNESS_GROUP (3+) • UNCERTAIN |

D. Phenomenology (The "High Strangeness" Flags)

Note: In the CSV, checked boxes appear as "YES". Unchecked boxes are Null/Empty.

| Variable Name | Definition | Data Type | Valid Values |
|-----------------------|--|-----------|--------------|
| phenom_silence | "The Oz Factor." Sudden cessation of ambient noise (birds, wind, traffic). | FLAG | YES / [NULL] |
| phenom_hum | Low-frequency mechanical vibration or "diesel idle" sound with no source. | FLAG | YES / [NULL] |
| phenom_time | Missing Time (unaccounted hours) or time distortion (slow/fast motion). | FLAG | YES / [NULL] |

| | | | |
|-------------------------|---|------|--------------|
| phenom_nausea | Somatic effect: Headache, vertigo, vomiting, nosebleeds. | FLAG | YES / [NULL] |
| phenom_paralysis | Inability to move voluntary muscles (excluding standard Sleep Paralysis). | FLAG | YES / [NULL] |
| phenom_tech | Battery drain, camera malfunction, car stalling, radio static. | FLAG | YES / [NULL] |
| phenom_ozone | Olfactory: Smell of sulfur, ozone, burning metal, or "wet dog." | FLAG | YES / [NULL] |
| phenom_fear | Acute, irrational dread or "feeling of being watched" (Scopophobia). | FLAG | YES / [NULL] |

E. Narrative & Qualitative

| Variable Name | Definition & Coding Protocol | Data Type | Valid Values / Constraints |
|---------------------|--|-----------|----------------------------|
| narrative | The raw witness account. MUST BE SCRUBBED OF PII. | TEXT | Long Form String. |
| attribution | The subject's personal theory (e.g., "I think it was military," "It was a ghost"). | TEXT | Long Form String. |
| contact_info | Email/Phone. STRICTLY CONFIDENTIAL. | STRING | DO NOT PUBLISH. |

F. Administrative & Legal

| Variable Name | Definition & Coding Protocol | Data Type | Valid Values / Constraints |
|-------------------------|---|-----------|--|
| permission_level | Legal consent for data usage. Determines Registry visibility. | STRING | <ul style="list-style-type: none"> PUBLISH_ANON (Public) PRIVATE_DATA (Internal) |
| analyst_notes | Internal comments, debunking notes, or spam flags. | TEXT | Internal Use Only. |

| | | | |
|---------------|---|--------|-------------|
| res_id | ID of the Researcher who conducted the verification (e.g., CAS-FW01). | STRING | Staff Code. |
|---------------|---|--------|-------------|

G. Field Data (Tier 2/3 Only)

Populated by Researcher during Intercept.

| Variable Name | Definition | Valid Codes |
|---------------------|---|--|
| setting_type | Physical categorization of the site. | <ul style="list-style-type: none"> • RES (Residential/Home) • LIM (Liminal/Road/Transit) • NAT (Wilderness/Forest) • COM (Commercial/Industrial) |
| env_weather | Atmospheric conditions. | <ul style="list-style-type: none"> • CLEAR • RAIN • STORM • FOG • OZ (Artificial Silence) |
| env_noise | Ambient acoustic profile. | <ul style="list-style-type: none"> • SILENT (Total) • HUM (Vibration) • TRAFFIC • NATURE |
| obs_demeanor | Subject's emotional state during interview. | <ul style="list-style-type: none"> • CALM • AGITATED (Fearful) • INTENSE (Manic) • SKEPTICAL (Confused) |

| | | |
|---------------------|------------------------------------|--|
| obs_delivery | Narrative delivery, speech pattern | <ul style="list-style-type: none"> • FLUID (Natural flow) • FRAGMENTED (Disjointed, traumatic recall) • REHEARSED (Scripted, buzzwords) • PRESSURED (Manic, rapid) |
|---------------------|------------------------------------|--|

PART 3: CSV COLUMN CONFIGURATION

For System Administrators. Ensure this order matches the Google Sheet.

1. timestamp
2. log_id
3. age_group
4. gender
5. cultural_bg
6. occupation
7. location_state
8. location_specific
9. witness_status
10. phenom_silence
11. phenom_hum
12. phenom_time
13. phenom_nausea
14. phenom_paralysis
15. phenom_tech
16. phenom_ozone
17. phenom_fear
18. narrative
19. attribution
20. contact_info
21. permission_level
22. engagement_status
23. analyst_notes
24. res_id
25. setting_type
26. env_weather
27. env_noise
28. env_tech_issues
29. obs_demeanor
30. obs_delivery
