

AMERICAN PERIPHENOMENAL SURVEY | Cascadia Div. 🌲 👁 📝:

Participant Resource Card

In fieldwork, especially regarding sensitive or potentially frightening topics, you are ethically required to provide the participant with a way to contact the study (to withdraw their data later) and access support (if the interview upset them).

Here is the content for that file, formatted to be printed on standard letter paper. Cut the page into four quarter-sheets (cards) to save paper and make them easy to carry.
