

HAVE YOU SEEN SOMETHING YOU CANNOT EXPLAIN?

The American Periphenomenal Survey (APS) is currently documenting anomalous human experiences within the Cascadia Bioregion (WA, OR, ID, BC, SE Alaska, Northern CA (Jefferson)).

We are building a comprehensive narrative and data registry of:

- **High Strangeness & Liminal Events**
- **Unidentified Aerial Phenomena**
- **Cryptid Encounters**
- **Time Slips or "Glitch" Phenomena**
- **Unexplained Sensory Experiences**

We are not ghost hunters. We are cartographers of the unknown.
We do not judge. We document.
