

## APS Bibliography

 High Strangeness, Technical & Aerial Phenomena

**Study:** The American Peripheromenal Survey

**Division:** Registry

| **Region:**

 Cascadia (Reg10)

**Status:** ACTIVE REFERENCE

| **Version:**

3.0 (Consolidated Build)

**Target Category:** TYPE III

**Rationale:** A specific bibliography on the folklore of how people interpret lights in the sky as modern myth.

- **Vallée, Jacques.** *Passport to Magonia: From Folklore to Flying Saucers.* (The essential text linking fairy lore to modern alien encounters).
- **Pasulka, Diana Walsh.** *American Cosmic: UFOs, Religion, Technology.* (Analyzes UAP belief as a modern religious framework).
- **Keel, John.** *The Mothman Prophecies.* (Focuses on the "trickster" element of high strangeness).
