

## 📚 APS Bibliography

### YYS Poltergeist & Material Interaction

**Study:** The American Peripherphenomenal Survey

**Division:** Registry

| **Region:** 🌲 Cascadia (Reg10)

**Status:** ACTIVE REFERENCE

| **Version:** 3.0 (Consolidated Build)

**Target Category:** TYPE V

**Rationale:** This bibliography covers Recurrent Spontaneous Psychokinesis (RSPK), physical manipulation of matter, and material interaction.

- **Gauld, A., & Cornell, A. D.** *Poltergeists*. (The definitive academic survey of cases from 1500 to the modern era).
- **Roll, William G.** *The Poltergeist*. (Seminal work introducing the concept of the 'focal agent' and RSPK).
- **Houran, J. & Lange, R.** *Hauntings and Poltergeists: Multidisciplinary Perspectives*. (Essential academic collection covering psychological, sociological, and physical theories).
- **Playfair, Guy Lyon.** *This House is Haunted*. (Detailed case study of the Enfield event; focuses on auditory phenomena and levitation).
- **Radin, Dean.** *Entangled Minds*. (Explores mind-matter interaction via quantum mechanics).
- **Price, Harry.** *Poltergeist Over England*. (Historical survey of physical anomalies in the UK).
- **Tandy, V., & Lawrence, T. R.** "The Ghost in the Machine". (Identifies 19Hz infrasound as a cause of anxiety and apparitions).
